

ARBILL NEWSLETTER VOL. 001

### Winter Weather Safety Tip:

Wear at least three layers of clothing. An inner layer of wool, silk or synthetic to wick moisture away from the body. A middle layer of wool or synthetic to provide insulation even when wet, and an outer wind and rain protection layer that allows ventilation to prevent overheating.

OSHA provides [tools on safe work practices](#) and how to properly train workers on cold stress and winter weather hazards. [Learn More >](#)
