The Benefits of Traction Indoors and Outdoors

Does your company deal with slip and fall injury reportables? If so, you're not alone. According to the Bureau of Labor Statistics, in 2019, **slips, trips, and falls made up 32% of non-fatal work injuries and 28 lost workdays**. At up to \$48,000 per incident to employers, it can add up quickly.

The good news is there is a solution: winter traction aids, or "ice cleats". Implementing traction devices to your safety program goes a long way to ensuring employee safety, preventing accidents, and helping your bottom line.
